

FASHION DESIGN

Be the trend.

By the time you graduate from our Fashion Design program, you'll contribute to some of the largest and most creative fashion brands in the world. As the home of the third-highest concentration of fashion designers in the U.S. (behind only New York and Los Angeles), Columbus offers a fashion-forward backdrop for your ever-evolving designs. Our innovative program provides you with a rich understanding of the business of fashion so you can successfully create wearable art with purpose.

NOTABLE ALUMNI

Chelsea Funk

Class of 2018

Chelsea Funk, a purchasing coordinator for plus-size retailer ELOQUII, believes fashion should be an inclusive experience for everybody—and every body. Funk's 2018 CCAD Fashion Show collection was just that, featuring four looks of adaptive children's wear made with fun fabrics and playful details, designed for differently abled children. The project hit close to home for Funk, who was born with amniotic band syndrome, meaning she was born without part of her left arm, and who eventually learned to reconstruct her own clothing to make it work with her body.
